

Dear Applicant

The Jewish Board is excited to introduce our new Behavioral Health in Schools project. This program seeks to put mental health and substance abuse prevention and early identification into 100 middle and high schools through NYC.

This attached RFI is to provide services to either a cluster of 5 schools in the fall (then 10 schools in the spring) **in Brooklyn** or to 5 schools in the fall (and 10 in the spring) **in the Bronx**. An agency is permitted to apply for both the Brooklyn and the Bronx clusters. Additional RFI's will be released later in the year to expand the number of school clusters and expand the region to include clusters in Queens and Manhattan.

The Jewish Board, on behalf of Bronx Health Access, Bronx Partners for Healthy Communities, Community Care of Brooklyn, & One City Health, announces the release of a Request for Information (RFI) for Behavioral Health Agencies to work in clusters of 10-20 closely geographically located schools. This solicitation seeks to identify appropriately qualified contractors to provide quality work in one or more school clusters.

A Pre-proposal Conference is scheduled for June 8 @ 1:00-2:00pm at 135 West 50<sup>th</sup> Street, sixth floor, NY, NY 10020.

**Proposals are due on June 20, 2016 @ 12:00 pm.**

The RFI is attached . Please direct any questions to Marilyn Jacob at [mjacob@jbfcs.org](mailto:mjacob@jbfcs.org).
